MEETING 08

Proteomics

From Technology to New Biology

8-10 July 2008

Wellcome Trust Conference Centre, Cambridge, UK

As the field of proteomics continues a phase of consolidation combined with expansion and diversification, this conference seeks to address the key issues in the field. It will cover successful applications of proteomics, integration of proteomics data for investigation of biological systems, new and emerging approaches for proteomics and updates on current global proteomics initiatives.

Topics

Systems Biology and Signaling Systems
Quantitative Proteomics/Mass Spectrometry
Biomarker Discovery
Protein Arrays
Chemical Proteomics
Integrating Proteomics with Metabolomics
Bioinformatics/Data Management
Standardisation and Integration, HUPO, EuPA Initiatives

Keynote and Plenary Lecturers

Benjamin F. Cravatt, The Scripps Research Inst, USA
Carl Djerassi, Stanford University, USA

BSPR Hon Membership Award

Peter Roepstorff, University of Southern Denmark, Denmark

Pre- and Post-Conference Workshops

**ESRC Centre for Economic and Social Aspects of Genomics
Cesagen Hinxton Sociomics 2008**

Speed, Knowledge and the Public Good: A Multidisciplinary Workshop on the Biosciences

Wellcome Trust Conference Centre, Cambridge, UK, 6-7 July 2008

Attendance is free but by invitation only.

If you would like to participate and for further information, please contact Ruth McNally: r.mcnelly@lancaster.ac.uk

Joint BSPR and EBI Workshop

Bioinformatics Applications for Proteomics

EBI, Cambridge, UK, 11 July 2008. For information on registration for the Workshop, please visit the BSPR website: www.bspr.org

Joint BSPR and BMSS Workshop

Biological Mass Spectrometry

Wellcome Trust Conference Centre, Cambridge, UK, 10-11 July 2008

For information on registration for the Workshop, please visit the BSPR website: www.bspr.org

Invited Speakers

Gerard Cagney, California Institute for Quantitative Biosciences, USA
Malcolm Clench, Sheffield Hallam University, UK
Pedro Cutillas, London and Queen Mary Medical School, UK
Michael Desjardins, University of Montreal, Canada
Brian Haab, Van Andel Research Institute, USA
Elaine Holmes, Imperial College London, UK
Albert Heck, Utrecht University, Netherlands
Lukas Huber, University of Innsbruck, Austria
Stephen Oliver, University of Cambridge, UK
Peter James, Lund University, Sweden
Bernhard Kuster, Technical University Munich, Germany
Angus Lammond, University of Dundee, UK
Tom Kodadek, UT-Southwestern Medical Center, USA
Helmut Meyer, Ruhr-University of Bochum, Germany
Jesper Olsen, Max-Planck-Institute of Biochemistry, Germany
Christopher Shaw, Queens University Belfast, UK
Matthias Uhlen, Royal Institute of Technology (KTH), Sweden
Matthias Wilm, UCD Conway Institute, Ireland

Organising committee

Roz Banks
Shaun Bilsborough
Mike Dunn
Liz Ford
Henning Hermjakob
Roz Jenkins
Kathryn Lilley
Ruth McNally
Andrew Nightingale
Laura Sullivan
Chris Trand

Programme committee

Rolf Apweiler
Steve Pennington
Neil Kitteringham
Robin Wait
Kathryn Lilley
Walter Kolch

Information

The registration deadline is: **Friday 6 June 2008**

For information on registration and submission of abstracts for posters and invited talks please visit the BSPR website: www.bspr.org

A limited amount of on-site accommodation is available, which will be allocated on a first-come, first-served basis
