Courses

7th European Summer School "Advanced Proteomics"
4th - 10th August 2013, Kloster Neustift, South Tyrol, Italy

Two fellowships are being offered for Ph.D students or early-stage post-doctoral researchers to attend an intensive 5 day proteomics course, the 7th European Summer School "Advanced Proteomics". The course is taught by selection of internationally renowned proteomics researchers and will present an excellent opportunity for young researchers to gain experience of Proteomics. See <http://www.proteomic-basics.eu/>. BSPR is inviting applications from suitably qualified Ph.D. students and early-stage post-doctoral researchers (i.e. first post-doc) for Fellowships to support attendance at the Summer School. The fellowships will cover the full cost of registration, accommodation and meals for the course. **Applicants and/or their supervisors will be expected to meet the costs of travel themselves. Closing date: Friday 21st June 2013.** Application forms are on our website.

BSPR Bursaries and Awards

The BSPR will shortly be announcing other awards and bursaries for the coming year which will assist members and students in attending the BSPR annual scientific meeting, EuPA 2013 in Saint Malo and HUPO 2013 in Yokohama. Further details will be published shortly on the BSPR website and the next issue of this Newsletter.
